1 January 2015

Registration of SEFAR® ACOUSTIC HF Range under REACH

We feel that as a proactive supplier to your business, we should advise you as to how our products may comply with various articles and regulations affecting the chemical industries. Currently there is one subject at our center of attention: the regulation that came into effect on June 1st, 2007, the *Registration, Evaluation and Authorization of Chemicals* (REACH).

Your business uses our article range: **SEFAR® ACOUSTIC HF or
SEFAR® ACOUSTIC HF HYDROPHOBIC**

The basic polymer of these articles is excluded from registration and evaluation in accordance with title I, chapter 1, article 2, paragraph 9 of the regulation REACH (regulation (EC) No 1907/2006). For applied finishing ingredients is in accordance with title II, chapter 1, article 7 paragraph 1 a and b as well as 2 a and b no obligation or information liability to the authorities.

After successfully implementing the REACH - regulation and after the preregistration phase we can give following statements:

Our product portfolio will not change on account of the regulation. To our knowledge, however your products are not affected by changes.

A material inventory list of Sefar's used operating equipment and aids was generated. All substances of content were checked by our suppliers in regard to REACH conformity and were preregistered if necessary.

The Sefar AG produces no articles which contain ingredients in accordance with art. 57 (candidate list for appendix XV). The current state of the candidate list corresponds in each case to the issue date of this letter.

The Sefar AG produces no articles for which a security data sheet is prescribed. The material safety data sheets of the products used by Sefar AG will be updated if necessary, by our suppliers.

For other inquiries please contact our Leader of Quality Management Mr Peter Vickus (peter.vickus@sefar.ch, +41 (0) 71 898 57 46).

Sincerely yours

Sefar AG
